

RENEWABLES FIRST

Job Title: Graphic Designer

Location: G-8 Markaz, Islamabad

Department: Design

Type: Full time

Contract: 1 year

About Us:

Renewables First (RF) is a think tank for energy and the environment. Our mission is to drive just and inclusive energy and climate transitions through impactful research, advocacy, and strategic partnerships. Learning is central to our work, focusing on capacity building for our ecosystem partners, networks, and internal teams in the energy and climate sectors.

Position Overview:

As a Graphic Designer at Renewables First, you will gain hands-on experience in a professional environment. You will work closely with our design and communications teams to create compelling visuals, work on various design projects, and contribute to the overall creative process. This is a chance to develop your skills, build your portfolio, and learn from experienced professionals.

Key Responsibilities:

- Create engaging infographics, and visualizations to communicate complex energy transition topics in multiple formats like reports and social media.
- Create print materials, including event standees, banners, and promotional items aligned with the organization's brand guidelines to ensure consistency.
- Organize design assets, ensuring files are properly labeled and stored.
- Assist in revising and updating existing design templates based on feedback from the design team.
- Stay informed about the latest design trends, aesthetics and formats.

Qualifications:

- A bachelor's degree in Graphic Design, Visual Arts, or a related field.
- 2 - 3 years of experience working as a graphic designer at an organization.
- Strong proficiency in design software including Adobe Creative Suite (InDesign, Photoshop, and Illustrator), Figma, and Canva.
- Familiarity with web design and basic HTML/CSS.
- A strong portfolio showcasing design skills and creativity.
- Thorough understanding of design principles, elements, typography, color theory, and layout techniques.
- Being able to solve problems through design.
- Good communication skills and ability to work well in a team environment.
- Attention to detail and a strong work ethic.
- Ability to manage time effectively and meet deadlines.
- Willingness to learn and take on new challenges.

RENEWABLES FIRST

What We Offer:

- Hands-on experience working on real projects that will be used by the organization.
- A competitive market salary based on experience.
- Mentorship and guidance from experienced design professionals.
- Opportunity to build a diverse portfolio of work.
- Collaborative and friendly work environment.

Application:

Interested candidates should submit their resume, portfolio, and a brief cover letter explaining why they are interested in this opportunity and what they hope to gain from the experience. Please send your application to hr@renewablesfirst.org by **23rd March, 2025**
