

RENEWABLES FIRST

Junior Graphic Designer Position

Location: G-8 Markaz, Islamabad

Department: Design

Reports To: Creative Lead

Type: Junior Graphic Designer (Part-Time)

About Us:

Renewables First is dedicated to driving a just and inclusive energy transition through three key approaches: Research, Advocacy and Communications, and Partnerships. We are passionate about creativity and design, and we're looking for a motivated Design Intern to join our team.

Position Overview:

As a Design Intern at Renewables First, you will gain hands-on experience in a professional environment. You will work closely with our design and communications teams to create compelling visuals, assist in various design projects, and contribute to the overall creative process. This is a chance to develop your skills, build your portfolio, and learn from experienced professionals.

Key Responsibilities:

- Collaborate with the design team on various projects, including branding, digital media, print materials, and social media content.
- Assist in creating and refining design concepts, layouts, and visuals for internal projects.
- Participate in brainstorming sessions and contribute creative ideas to ongoing projects.
- Research design trends, competitor analysis, and other relevant topics to inform design decisions.
- Manage and organize design assets, ensuring files are properly labeled and stored.
- Assist in revising and updating existing designs based on feedback from the design team.

Qualifications:

- A bachelor's degree in graphic design, Visual Arts, or a related field.
- Strong proficiency in design software such as Adobe Creative Suite (Illustrator, Photoshop, InDesign, etc.).
- A strong portfolio showcasing design skills and creativity.
- Basic understanding of design principles, elements, typography, color theory, and layout techniques.
- Good communication skills and ability to work well in a team environment.
- Attention to detail and a strong work ethic.

RENEWABLES FIRST

- Ability to manage time effectively and meet deadlines.
- Willingness to learn and take on new challenges.

Additional Qualifications:

- Experience with motion graphics or video editing software (After Effects, Premiere Pro) is a plus.
- Familiarity with web design and basic HTML/CSS is a plus.
- Prior internship or work experience in a design role is an advantage.

What We Offer:

- Hands-on experience working on real projects that will be used by the company.
- Mentorship and guidance from experienced design professionals.
- Opportunity to build a diverse portfolio of work.
- Collaborative and creative work environment.
- Potential for future employment opportunities based on performance.

How to Apply:

Interested candidates should submit their resume, portfolio, and a brief cover letter explaining why they are interested in this internship and what they hope to gain from the experience. Please send your application to hr@renewablesfirst.org by 5th October, 2024
