

## AGENDA

### ACCELERATING PAKISTAN'S ENERGY TRANSITION IN AN ERA OF POLY-CRISIS WITH A FOCUS ON CHINA'S ROLE

"Accelerating Pakistan's Energy Transition in an era of poly-crisis with a focus on China's role" is a ZOOM workshop organized by the RE coalition and ACJEC.

The ZOOM workshop aims to address the urgent need for Pakistan to shift towards clean domestic energy sources and reduce its reliance on volatile fossil fuel imports. The workshop will explore strategies on how to effectively utilize the Pakistan-China nexus for energy transition.

It will focus on two key sessions: enabling early coal retirement in Pakistan and supporting green investment in the country.

Through roundtable discussions and the presentation of consolidated input, the workshop aims to identify key opportunities and barriers to finance mobilization and to leverage Chinese investment in Pakistan's energy sector.

The workshop will be held on 6 JUNE 2023, 4:30 PM (PKT) and will provide a platform for participants to share their expertise and contribute to shaping Pakistan's energy transition.
